

A Wetsuit Million Years  
in the Making

## Join the Radiator Team!

We Are Seeking Distributors  
and Sales Agents in Europe

### About Us

When it comes to keeping warm in the water nothing beats Radiator.

Using unique 4-layer technology radiator is lightweight, flexible and toasty warm.

Radiator is a great opportunity to develop extra sales and satisfied customers.

Whenever worn on its own or under a conventional wetsuit, the Radiator Thermal Waterwear provides extra options for your customers in all types of water sports all year round.

Radiator can give your store the opportunity to develop new sales and add-on sales without taking away from your existing product range. It truly is in a class of its own.

Radiator is proven in the market, and proven in the water - it works and it sells.
