

# E-BIKE GRAPHIC DESIGNER f/m

“Design is not about making something look nice. It’s about finding the right answers that will make a product better, which then brings it that much closer to consumers’ hearts.” – Stephane, Senior Designer

**Create product graphic concepts that excite riders and be a mentor to new professional designers. Working mainly on projects related to e-bikes and motorcycles, you’ll take full ownership of the design process. It’s a great opportunity to indulge a passion for sports and take your creative career to the next level. Your day-to-day work will include:**

- › Leading the creation of graphic, logo and colour concepts.
- › Driving the development of new materials and finishes for a range of products.
- › Deep involvement in the creative direction of the design process.

**To create unique and on-brand graphic concepts, you need:**

- › Four or more years of experience in product graphic design, preferably in the bicycle or motorcycle industries, where you were exposed to an international scope of work and perspectives.
- › A team player mentality and an open mind, as well as a passion for sports design, bikes and sport style trends.
- › Ability to manage multiple projects and timelines.
- › English fluency (German language skills are a plus).

The Austrian government requires us to state the MINIMUM annual salary for every position. In this case it is € 45,000.00. Since we always tailor salary packages to market rates, your experience and your education, please don’t take that number too seriously!
