CORPORATE & BUSINESS DEVELOPMENT

+ ABOUT ME

- I am a lawyer and an economist. My focus is on employment, corporate & contract law as well as controlling & financing.
- Since 2014 I have held a management position in the areas of HR and corporate development.
- During this time, I have recruited and filled over 500 positions (executive board, management, professionals, craftsmen).

+ SELF-EMPLOYMENT

- At the request of a friend, I slipped into self-employment in 2018. In the meantime, I have successfully completed several assignments in the areas of HR (recruiting) and corporate development (controlling, financing) - and I enjoy it! ☺
- My focus is on simple, cost-efficient and practical solutions for small-scaled businesses and start-ups.
- For support in other areas (IT, content creation, marketing, etc.) I am fortunate to be able to fall back on a widespread network.
