

HYDA, formerly Simba Surf Helmets, is rebranding and relaunching for 2025. New leadership, new products, and new opportunities.

We are looking for distributors and agents in the UK and across Europe focused on the watersports channel - Waves, Wind, and Whitewater.

Our new flagship **COANDA** helmet range drops 1 February, with CE EN 1385 Certification and class leading safety technology designed to protect athletes and perform in the water.
