About

Frederik Zimmermann
M.A. Sport- and Event
Management

As freelancer in the fields of event- / sport management and CAD design I provide various different skills to support you with your projects. Since 2010 my customers value and rely on my services.

Overviewing every little detail of complex projects in very short time is one of my key skills. Combining it with my set of competences makes your project successful.

Passionate in traveling, mountains and sports.
