## My lifestyle resume !

After 9 years of School, I had some boring jobs, served 8 months in the army, and then I finally got to travel the world. In Whistler (Canada) I found my second home. There, things for me changed dramatically, and soon turned my lifestyle upside-down. Living in Whistler in the 90ies, and experiencing snowboarding together with Locals and Shred Pioneers, gave me a kick-start for a new path. I was in love with this great new sport, and soon I got my first Sponsors. Then, everything just happened quick and naturally and suddenly I was one of the first europeans who could make a living of Snowboarding as a professional Snowboarder for several years. In the Year 1998 I started building Snowparks and organized my first Snowboard Event. Snowparkdesign and Eventmanagement is my main business since then.

Action Sports are my big Passion. My career as a Professionalsal Snowboarder and the experience I got through my following job´s have given me a deep understanding and knowledge in the Action Sports Industry. I have also experienced what it takes to make Events successful and entertaining through my Skillz as a Event Organiser, Host, DJ or or just as a Spectator or a Rider.

Today I am a happy daddy of a 8 year old daughter. I love live, sports, good food, music, nature, friendly and positive people. I want to share my Passion with all people of the same mental attitude !
