

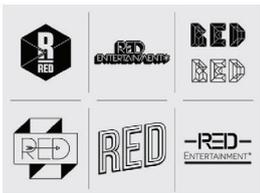

GRAPHIC DESIGNER

Hello, I'm Tiina Kosonen.

Originally I am from Finland but I have lived pretty much all my life in Switzerland. Where I grew up in the snowboarding field and now living between Bali and Switzerland because surfing got my attention.

I have a Bachelor Degree in Visual Communications. So other than my surf bikini brand "MAIN Design" I have been working as a Graphic Designer for different brands, agencies and as a freelancer where I was responsible for sketches, layouts, designs for catalogues, flyers, posters, postcards, POP/ POS material, patterns and prints on clothing, planning for trade shows and flagship stores, coordination between suppliers and partners.
